Message:

Dear Mr. Kennedy,

All frequency tolerances entered are 40 ppm. I entered 40ppm and got an error message re non-numeric characters. In the future I will enter as percentages in the form 0.004, please let me know if this is correct or not

thanks and best regards

Tom Cokenias

Dear Mr. Thomas Cokenias:

The tolerances should be reported as percentages. Since a tolerance of 40 percent is high, please confirm that all tolerances are 40 percent. If not, please correct all tolerances in the Transmitter section of this application or report the corrections in your response to this e-mail.
