Cisco and Intel agree that its use of the Spectrum will be limited to indoors at that trade show's venues.

By your respective signatures below, CITF and Clearwire each hereby consent to Intel's and Cisco's use of the Spectrum on a temporary basis for the above-described equipment demonstration purposes. Intel and Cisco agree to operate on the Spectrum in accordance with the rules and regulations of the Federal Communications Commission, and to take all necessary steps to cause no interference to any current operations and to protect and preserve the status of CITF's and Clearwire's license and lease. Intel and Cisco further agrees to indemnify CITF and Clearwire against any damages caused by Intel and Cisco's temporary operation of the Spectrum, including, without limitation, the payment of any fines levied by the FCC or other regulatory authority for any improper use of the Spectrum, such as interference with other channels.
