Re: **EXPERIMENTAL SPECIAL TEMPORARY AUTHORIZATION**
Consent to Use of EBS Station KNZ65

Dear Mr. Perrone:

The Roman Catholic Diocese of Rockville Centre (the "Diocese") is the licensee of EBS Station KNZ65. Station KNZ65 is subject to a de facto transfer lease with NSAC, LLC, which is a wholly-owned subsidiary of Clearwire Corporation ("Clearwire"). Intelibs, Inc. ("Intelibs") has made a request for temporary, experimental use of the Diocese's E1, E2 and E3 channels in the FCC's new 2.5 GHz bandplan (the "Spectrum"). Intelibs proposes to use the Spectrum from January 1, 2010 to June 30, 2010 (or for six months from grant of the experimental application), for the purpose of testing an indoor WiMAX solution using femto and pico cells at SUNY Stony Brook. Prior to testing, Intelibs will file the necessary application with Federal Communications Commission ("FCC") for Experimental Special Temporary Authority (the "Experimental Application").

Upon grant of the Experimental Application, Intelibs shall operate on the Spectrum in accordance with the rules and regulations of the Federal Communications Commission ("FCC"), including but not limited to those rules and regulations that apply specifically to experimental authorizations. Intelibs further agrees to take all necessary steps to cause no interference to the Diocese's operations and to protect and preserve the status of the FCC license for EBS station KNZ65 and the associated de facto transfer lease referenced above. Neither Intelibs nor any other party will use the Spectrum for commercial purposes during the Testing Period. Without limiting the foregoing, Intelibs agrees that in the event of interference, it will immediately cease any use of the Spectrum until any interference issues that might arise are resolved to your satisfaction.

The parties acknowledge that this letter will be attached to the Experimental Application and filed therewith.

Clearwire supports Intelibs's proposed testing and, pursuant to the de facto transfer lease between the Diocese and NSAC, LLC, Clearwire is requesting the Diocese's consent to Intelibs'

proposed use of the Spectrum from January 1, 2010 until June 30, 2010, subject to the terms and conditions set forth above.
