Hello,

I submitted an exhibit explaining the experiment.

I tried to submit payment, but the FRN password given to me by the client was incorrect. The person who obtained the FRN and set the password in May 2002 is no longer with the company, and no is able to locate it.

Is there a way I can submit this payment on line with your help? If not, what is the correct way to fill out the form by hand (I don't know if there is a call sign, etc.)

Looking forward to your reply

best regards
