To Whom It May Concern:

This is to certify that:

IoT4net Inc. deploys and/or manages radio frequency equipment.

The RF experimentation will be conducted by following a strict Test Plan defined and approved by IoT4Net Inc., in a controlled environment.

IoT4net Inc. will have a Project Manager in place to specifically follow the Test Plan, track results, and publish test results.

IoT4net Inc. has extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe IoT4net Inc. meets the Eligibility criteria for a Special Temporary Authority experimental license as set forth in the Commission Rules.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Snyder". Below the signature is the IoT4net Worx logo, which consists of a stylized antenna icon above the text "iot4net" in bold, with "Worx" in red below it.
