

The purpose of the special temporary authorization is for demonstrating the IPWireless broadband wireless technolog at the CTIA 2003 tradeshow in New Orleans. The fixed station will be located at the convention center at 900 Convention Center, New Orleans, LA 70154. The mobile stations operate within 1.5km of the fixed station. A continous 12MHz frequency band is required for the operation of the system. IPWireless will operate on a frequency where there is no risk of interference.
