Message:

Good morning,

We submitted 2 applications on May 6, File # 0839-EX-ST-2019 and File # 0841-EX-ST-2019.

The FCC portal allowed us to submit the processing payment for the first application in the amount of \$70.00 as expected but when we proceeded with our second application and reached the point to make our payment we experienced issues relating to our ID and password.

Eventually we called support and received assistance in submitting our second payment which was charged to our credit card successfully.

Please kindly review our account to see if you find a pending payment that may be waiting to be applied to this application.

If needed, please kindly contact me at (408) 429-2800 or via email at rmovahedi@itmgmt.com

Sincerely,
