All frequencies for all locations should contain the same emission designators, as follows:

12K5F2D

50K0F2D

250K0F2D

500K0F2D

12K5A2D

50K0A2D

250K0A2D

500K0A2D

Not sure what we are missing on the Spokane and Raleigh locations but all of the above should be included for EACH frequency.

I hope that answers your question but if not, please let me know.

Thanks,
Stacy
