Administrative Question 6

ITT is currently under contract with the Defence Materiel Administration of Sweden (FMV) under FMV Contract 312889-LB759363. This contract has been approved by U.S. Department of State under Technical Agreement TA 2719-03B through 2014, and is for the refurbishment and modification of ITT built radar systems originally delivered to Sweden. In addition, ITT has marketing licenses approved by U.S. Department of State to offer similar systems worldwide.
