Message:

Dear Mr. Stephen Zavodny:

Please report the geographical coordinates in degrees, minutes and seconds (currently there are minutes and seconds greater than 59 in the Transmitter section of this application).

Also, please verify that this experiment is for base and mobile operations as opposed to only base operations. If not mobile (transmitting while in motion), then will the transmitters be used at temporary fixed locations within a 10 km radius of the report geographical coordinates?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 11, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
