Mr. Kennedy

Ref : 0090-EX-ST-2004

Thank you for your response. I have made the change to the application, but had two items that were not filled in.

1. ERP
2. The three letter code for emissions.

If these are still needed, would you help me to know what is to be entered.

As background, the transmitter we plan to use is an ICOM A3 transceiver and we plan to use it only to turn the carrier on and off (On Off Keying, OOK). There is no voice modulation. In fact we will tape off or otherwise mute the transmit input.

Thank you again for any help you can give.
