Application Narrative for Proposed Equipment

Proposed Program

Johnson Outdoors is proposing GPS within their manufacturing building for testing purposes.

Objectives

We seek to accomplish the following objectives:

1. Illumination of the part of the manufacturing facility, located at 125 Gliman Falls Avenue, Old Town, ME with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their watercraft to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
