Re: Consent to Temporary Use of EBS Channels G2 and G3

Washington, DC
For Satellite 2008 on February 26, 27 and 28

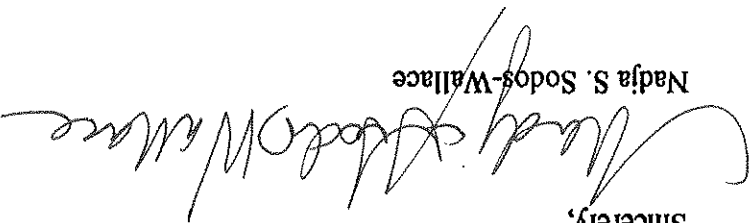

Dear Rose:

Clearwire Corporation, parent company to Clearwire Spectrum Holdings, LLC ("Clearwire"), is lessee of Channel G2 and G3 of EBS Station WHR461, Washington, DC. The Network for Instructional TV, Inc. ("NITV") is the licensee of EBS Station WHR461. Clearwire and NITV hereby consent to KenCast, Inc.'s temporary use of Channels G2 (2679.0-2684.5 MHz) and G3 (2684.5-2690.0) in conjunction with its short-term demonstration. As explained to us, the demonstration of KenCast's service will take place at the Satellite 2008 annual trade show in Washington, DC. KenCast will use the spectrum from February 26 through February 28, 2008.

By our respective signatures below, Clearwire and NITV consent to KenCast's use of the EBS spectrum on a temporary basis for the above-described equipment demonstration purposes. Our consent is contingent on KenCast operating on the spectrum in accordance with the rules and regulations of the Federal Communications Commission, and its taking all necessary steps to cause no interference to any current operations and the status of the license and lease. KenCast further agrees to indemnify both Clearwire and NITV against any damages caused by KenCast's temporary operation of the spectrum, including, without limitation, the payment of any fines levied by the FCC or other regulatory authority for any improper use of the spectrum, such as interference with other channels. Without limiting the foregoing, by its reliance on this consent, KenCast agrees to provide Clearwire and NITV a local contact person and number during the trade show who can be immediately reached in the event of interference, and to immediately cease any use of any of the channels upon request of Clearwire or NITV, until any interference issues that might arise are resolved to their satisfaction.

If there are any further questions, please contact the undersigned at (202) 330-4011 or at nadja.sodoswallace@clearwire.com as soon as possible.

Sincerely,

Nadja S. Sodos-Wallace
