

**United States of America
FEDERAL COMMUNICATIONS COMMISSION
EXPERIMENTAL
SPECIAL TEMPORARY AUTHORIZATION**

EXPERIMENTAL

(Nature of Service)

WL9XHE

(Call Sign)

XT FX MO

(Class of Station)

0623-EX-ST-2017

(File Number)

NAME Key Bridge Global, LLC

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Purpose Of Operation:

To test and develop 3.5 GHz operations in a real-world RF environment

Station Locations

- (1) Guyanabo, PR - NL 18-24-50; WL 66-06-16; MOBILE: Island of Puerto Rico, within 50 km, centered around NL 18-24-50; WL 66-06-16

Frequency Information

Guyanabo, PR - NL 18-24-50; WL 66-06-16; MOBILE: Island of Puerto Rico, within 50 km, centered around NL 18-24-50; WL

Frequency	Station Class	Emission Designator	Authorized Power	Frequency Tolerance (+/-)
3500-3700 MHz	FX	40M0G7D	40 W (ERP)	
		40M0G7D		

Special Conditions:

- (1) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (2) Maintain operation separation from the grandfathered earth stations as defined in Part 90, Sub-part Z, or coordinate an agreement with the grandfathered earth station licensees prior to accessing to 3650-3700 MHz.

This authorization effective July 03, 2017 and
will expire 3:00 A.M. EST January 01, 2018

**FEDERAL
COMMUNICATIONS
COMMISSION**

Special Conditions:

- (3) Ensure that the operation will not cause harmful interference to any existing registered stations in the 3650-3700 MHz band, and notify the registered users in the proposed area.
- (4) The transmit power is limited as prescribe in 47 C.F.R. §96.41 to ensure compatibility with incumbent FSS operators in the 3650-3700 MHz band.
- (5) Operations are on a non-interference basis (NIB) and shall not cause harmful interference to, and shall not claim protection from, interference caused to it by any other lawfully operating station and it shall cease transmission(s) immediately upon notice of such interference and notify the FCC in writing.
- (6) Transmitters must comply with earth station protection requirements established in 47 C.F.R. §96.17 (a) and 47 C.F.R. §96.17 (f).
- (7) Prior to operating, Key Bridge Global, LLC, must notify licensees of earth stations operating in adjacent band above 3650 - 4200 MHz within 50 kilometers of the locations from which experimental operations will occur. Key Bridge Global, LLC, must also provide such notification to the National Spectrum Managers Association frequency coordinators by email. (see http://wireless.fcc.gov/services/index.htm?job=licensing_1&id=microwave). The notice must include the name and contact information of the stop buzzer personnel that will be available to cease operations in the event of reported interference. The notification should include the testing parameters (specific location(s), antenna gain(s), antenna height(s), antenna orientation, eirp density) and day and times of each test. Consult the IBFS database to identify licensed earth station above 3650 - 4200 MHz band.
- (8) Stop buzzer contact is Reuben Jusino, Key Bridge Global LLC at (787) 399-8788, and email: reuben.jusino@keybridgeglobeal.com.
- (9) Ensure that the transmitting base station antenna(s) tip down when possible and avoid point towards the horizon in order to protect satellite earth stations nearby.
- (10) All of the experimental devices will be under the control of Key Bridge Global, LLC
- (11) Further requests for extension of the authority granted herein must be filed on Form 442, "Application for New or Modified Radio Station Authorization under Part 5 of FCC Rules - Experimental Radio Service." Future STA requests to extend this authorization will not be considered.
