Subject: FCC File No. 0141-EX-ST2010

---

Message:

That portion of the band 1437.9-1447.9 MHz and 1485.9-1495.9 MHz has already been filed the the FCC and that application portion was granted. We were just adding additional frequencies 2570 - 2600MHz on the last request.

I beleive we also attached clearance from AFTRCC on the last application.
