Re: Name change associated with Experimental
Authorization WF2XTN
File number 0180-EX-PL-2011

This letter is being submitted, following a telephone conversation with Mr. Nweke and Mr. Harris on 07 April 2014. Mr. Nweke instructed Mr. Harris to submit a copy of this name change request via an attachment to the original filing associated with WF2XTN with a courtesy copy sent, via email, to Mr. Nweke.

WF2XTN (file number 0180-EX-PL-2011) was originally submitted by Mr. Harris, as an employee of L-3 Communications, in support of L-3 activities associated with an NIJ Cooperative agreement to operate the NIJ communications Center of excellence. This work is currently ongoing.

This letter respectfully request change in the name of Licensee:

Change from: L-3 Communications for NIJ Communications Center of Excellence
Change to: Engility Corporation for NIJ Communications Center of Excellence

Note that the associated FRN information has already been changed to reflect the updated licensee name.

Background: In June 2012, L-3 Communications completed a series of transactions resulting in a name change as part of a corporate spin-off of Engility and its affiliates by L-3 Communications Holdings, Inc.

Engility was formed from the assets of L-3 Services Inc, following the Name Change, and Spin-Off: Engility became a wholly-owned subsidiary of Engility Holdings, Inc. On July 18, 2012, Engility Holdings, Inc. became an independent, publicly traded company on the New York Stock Exchange, with Engility as its wholly-owned subsidiary. Engility has retained all the assets of L-3 Services, Inc. necessary to perform contracts retained by virtue of the above Name Change and Spin-Off. Engility has also retained all obligations and liabilities of L-3 Services Inc, under these contracts, to include the NIJ Cooperative agreement.
