HF, VHF & UHF freqs: Point Loma and Imperial Beach antennas located on vehicle. VHF and UHF antennas are mounted to hand held radios. HF antenna is mounted to vehicle. Equipment not in use while vehicle is in motion. Silver Strand State Beach location (Mahi Rabbit) will be a boat anchored on approximate coordinates depending on seas. Rabbits are vehicles with HF/VHF/UHF equipment listed on request.

Datalink: Dish antenna setup for datalink between SSCPAC (San Diego location on request) and Point Loma. San Diego location might vary slightly due to parking availability.
