Date: December 15, 2011

Subject: FCC File No. 0623-EX-PL-2011

Message:

You have entered the required parameters (Coordinates, ERP, Emission Designators, and Frequency Bands) for the Fixed Station(s). But there are no records submitted for the portable units (Mobile Stations). Please go back to your application and under the "Technical Data" add new antenna and enter the parameters for the mobile devices (Coordinates, ERP, Emission Designators, Frequency Bands, and "Radius of Operation").

Your request for ERP of 400 watts for the base station is too high. The requirements for downlink (Forward) power control for LTE is a lot lower. Please adjust the power accordingly.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 15, 2011 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
