Date: October 06, 2015

Subject: FCC File No. 0824-EX-PL-2014

---

Message:

Please note that application has been amended to attach a revised Narrative Statement that includes an email from FAA representatives and to delete the Bedford NH location consistent with that email. The filing of the email and amendment is the result of prior coordination of the use of the frequency 1030 MHz with the Western Service Area FAA Regional Office (Frequency Management Office) at the Rocky Flats, CO location.
