[FCC site map](#)

AM Query and AM List results are derived from the public files at <http://www.fcc.gov/mb/databases/cdbs>. Requests to correct data should be referred to [Son Nguyen, son.nguyen@fcc.gov](mailto:Son.Nguyen@fcc.gov). Comments on the AM Query may be referred to [Dale Bickel, dale.bickel@fcc.gov](mailto:Dale.Bickel@fcc.gov).

- This list is best printed in LANDSCAPE mode.
- Use the TEXT SIZE input on the [AM Query](#) page to change the text size in the list below, for easier printing or viewing.
- Click on the blue Call Sign or blue Facility ID Number to retrieve more detailed information from the AM Query, including access to the CDBS database records pertaining to that station.
- Records for stations outside the USA are derived from international notifications.
- The FCC does not collect information on the types of programming (jazz, talk, Top40, etc.) aired on radio broadcast stations, or about specific programs.
- License, application, and construction permit (CP) coordinates shown in the AM Query are NAD 27 coordinates.
- Antenna Structure Registration (ASR) coordinates are NAD 83.
- Any azimuths or bearings shown below are referenced to True North.

Related Nonbroadcast Facilities: ULS Search

Using a broadcast station's facility ID number, you may search in the WTB's ULS database for nonbroadcast station records that are related to radio and TV broadcast stations, such as microwave facilities. Use the [ULS Radio Services List](#) to determine the nonbroadcast station's service. Not every AM, FM, or TV broadcast station will have related nonbroadcast operations.

 Facility ID Number

Output will appear in a new browser window.
