Message:

Lite Coms LLC will be demonstrating the Transmit and Receive capability of the Flat Panel Tactical Terminal Assembly at Ft Bragg NC and Ft. Benning GA during the first week of November, 2020. The Terminal will be transmitting and receiving at Ku Band frequency on end customer network. We will be using an iDirect 950 MP modem and integrating with a 6 Panel RX assembly and a 4 panel TX assembly.

The anticipated G/T of the Rx will be ≥ 15 .

The link will be terminating into a NOC owned by USSOCOM and will be measuring both Tx and Rx throughput and performance.

co-ordinate are also added for ft. Bragg and Ft. Benning GA
