Subject: Info Needed for Further Processing

---

-----  
Message:

Dear Mr. Huslig:

I need info on the following:

1. You requested some frequencies in the 1710 - 1850 MHz band. This band is allocated for strictly government use in the United States. Is the product you are developing for use outside the United States? If not, explain why you need this band.
2. You listed two transmitter locations, one as fixed/base and the other as mobile. The fixed/base location lists only mobile frequencies and the radius of operation is different for the two transmitter locations. Could you please explain these two anomalies?
3. You didn't give any emission or bandwidth data. Please furnish these data. Emission and bandwidth are described in Parts 2.201 and 2.202 of the FCC's Rules, which can be downloaded from [http://www.fcc.gov/Bureaus/Engineering\\_Technology/Documents/cfr/1998/47cfr2.pdf](http://www.fcc.gov/Bureaus/Engineering_Technology/Documents/cfr/1998/47cfr2.pdf).

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 01, 1999 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at [https://gullfoss.fcc.gov/prod/oet/index\\_els.html](https://gullfoss.fcc.gov/prod/oet/index_els.html)
