Re: Renewal of existing authorization
Call Sign: WB2XFV File Number: 0004-EX-RR-2002

This letter is to explain the addition of FCC Form 159. I have filed several 405's and the system is continuing to add the totals together. As an example I filed one renewal, pressed submit and completed the 159 and paid the required \$50.00 by credit card. I then attempted to complete a second renewal filing and pressed submit and attempted to complete the 159, this time it was listing both filings and was wanting to charge me a total \$100.00 for both filings, in the past the result of this action ended up me be charged a total of \$150.00, with LMC being charged twice for the first filing. I therefore had to abandon the entire process and re-enter the site and file an attachment to the second filing to get it renewed. This letter is the attachment.

I have several other renewals to file so I will have to exit out of the system and then re-enter again for each new renewal so I do not get charged duplicate billings. If you have any questions, please call me.

Very Truly Yours,

Claude E. Wells
