From: John Kennedy
Date: February 20, 2008

Subject: FCC File # 0057-EX-ST-2008

Message:

Mr. Thomas Morrison,

Please submit a detailed description of the experiment you wish to perform (describe the equipment being used, its configuration (omni-directional, point-to-point, base and mobile), and the purpose of the testing, e.g., short-range motion detection radar system, telemetry data from an unmanned remote controlled vehicle, real time kinematic spread spectrum differential GPS, etc., as opposed to simply communications and radar.

Please amend the Start Date since February 13, 2008 is not possible. You should allow at least 14 to 21 calendar days for the application to be processed (with no guarantee that it will be approved).

Please report the three alphanumeric emission symbols in accordance with 47 CFR, Part 2.201.

If you are requesting expedited processing, please submit a letter requesting expedited processing as described in the correspondence sent to you by the Commission dated today, February 20, 2008.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of February 20, 2008 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
