Re: Special Temporary Authorization Request
Existing Call Sign: **WA2XSX**

You will please note the amended application, 0387-EX-ST-2002, for Special Temporary Authorization for station WA2XSX to operate in the vicinity of Mineral Wells, Palo Pinto County, TX. We have added the frequencies for this site, which were inadvertently omitted from the original filing on November 4th 2002.

If you have any further problems or questions, please feel free to contact us.

Very Truly Yours,

Claude E. Wells

Re: Special Temporary Authorization Request
Existing Call Sign: **WA2XSX**

You will please find enclosed one completed copy of FCC Form 442, Application for Special Temporary Authorization, with the required FCC Form 159 and FCC license processing fees, **\$50.00**, attached. This request is for operations using the same testing frequencies and technical specifications, as found on the current assigned authorization, **WA2XSX**. The temporary test location will be at test facilities located at Antenna Products Corporation located near **Mineral Wells, Palo Pinto County, TX**.

The reason for this request is to further explore certain anomalies discovered is the rf signals during regular test operations at our permanent site in West Palm Beach, FL. These tests are new requirements requested by the US Navy under our contract to determine and resolve any potential problems from these anomalies. If you have any questions or problems, please feel free to call **Tim Lipke on (315) 456-2757**. Any questions regarding the filing of this application can be directed to the undersigned on **(410) 682-2156**.

Very Truly Yours,
