Dear Mr. Gorczyca:

Your request for access to Wheeler-Sack Army airfield (WSAAF) to test the Portable Search and Target Acquisition Radar (PSTAR) sometime between March and May 2004 (specific dates to be provided as soon as possible) is approved.

Your point of contact at WSAAF is Mr. Joseph White, Chief, Airfield Traffic Control. He can be contacted at (315) 772-5314. Please contact him to make arrangements for access to WSAAF. Also, recommend you keep a cellular telephone with you during testing in the event Mr. White must contact you.

WSAAF is an active flight facility that, in the event of war or an operational emergency, may be closed to your activity without prior notification. There are also hazards involved in airfield operations. As a condition precedent to being permitted to engage or participate in PSTAR testing at WSAAF, the testing activity agrees to forever release, acquit, discharge, indemnify and hold harmless the United States, its agents, officers, and employees from any and all causes of actions, including personal injury, illness, death and property damage, costs, charge, claims, demands, and liabilities of whatever kind, name, or nature in any manner arising out of or in connection with PSTAR testing at WSAAF.

The Commons, a Directorate of Community Activities facility, is available to you for on-post meals at standard rates.

If you require further assistance, please contact Ms. Janet Pisula, Directorate of Plans, Training & Mobilization Operations Division at (315) 772-9743. Thank you for your interest in conducting airborne data collection at Fort Drum.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. N. Jacaruso', with a long horizontal flourish extending to the right.
