Re: New Experimental License Application

You will please find attached one completed copy of the FCC Form 442, Application for New Experimental License other than Broadcast, with the required applications fees accompanying this filing. This request is for the use of multiple aviation frequencies and emissions. These frequencies are being requested to evaluate and test systems being installed in new F-16 aircraft being built and delivered under a commercial contract approved by the US state Department for a foreign government. (See the appropriate Attachment).

If there are any questions regarding this request please contact the designated contact on the application. You can also review the existing STA authorization WD2XIV, file number 0458-EX-ST-2004. If you have any questions regarding this filing, please feel free to contact the undersigned.

Very Truly Yours,
