Claude:

This is an administrative notice intended for the FCC with respect to:

- An Experimental License held by Lockheed Martin Corporation
- Station Class XC & FX
- Call Sign KK2XCJ
- File Number 0022-EX-ML-2002
- Effective 7/22/02
- Expires 7/30/06 3:00 AM EST
- Station Locations Moorestown (Burlington), NJ

Specifically this is notification of Lockheed Martin's intent

- To use the license for multiple Internal Research and Development (IR&D) activities in addition to multiple Government Contracts as indicated on the License
- To use the License at multiple locations on the Lockheed Martin Moorestown, NJ Property
- To define the locations as falling within a one Nautical Mile Radius of the nominal center of the property (NL 39-58-48; WL 74-54-33)

All other conditions and parameters of the License are unaffected by this notice. This includes but is not limited to Frequency, Station Class, Emission Designator, Authorized Power and Special Conditions.

We would appreciate it if you could let us know if this is acceptable and or if additional information is required to complete this Administrative Notice.

Thank you for your assistance,
