Subject: 0092-EX-RR-2005 Granted

Mr. Jardine,

Please submit a modification for WC2XRO at this time. Simultaneously, please complete any required FAA Eastern Regional Office prior coordination and obtain the related NG T numbers.

Note the two conditions (# 4 and # 11) for using 1030 MHz on the grant of 0092-EX-RR-2005 as the PRR, PD and peak ERP differ in the two conditions.
