Re: Special Temporary Authorization Request
Call Sign: WA9XCD File No.: S-3551-EX-1998

You will please find enclosed one completed copy of FCC Form 442, Application for **Special Temporary Authorization Request**, with the required FCC Form 159 and FCC license processing fees, **\$45.00**, attached. This request is to operate a 2.4m C-Band Earth Station at our facilities located near **Norristown, Montgomery County, PA.**

We are referencing a previous **Special Temporary Authorization** filing for the same system, which operated under FCC assigned call sign of **WA9XCD**. All parameters of this station are the same, with the lone exception being to increase the operational bandwidth from 200 kHz to 300 kHz. Please see the attached exhibits 1 and 2 for application items 8 and 10, respectively. The planned operational date for this system is to be April 5th, 1999.

If you have any questions regarding the technical operations of this system, please contact Michael Guiher on **(610) 354-1959** or Leon Smith on **(610) 354-7039** at our facilities in Norristown, PA. If you have questions regarding the completion of the application, please call the undersigned on **(410) 682-2156**.

Very Truly Yours,

Claude E. Wells
