Re: New Radio Station Authorization Request

You will please find attached a completed copy of the FCC Form 442, Application for a New or Modified Radio Station Authorization Under Part 5 – Experimental Radio Service other than Broadcast, with the required FCC Form 159 and license processing fees, **\$50.00**, attached. This request is for a new radio station authorization for operations at our facilities located near **Syracuse, Onondaga County, NY**.

The frequencies being requested have been discussed and cleared with Chris Kaiteris, FAA Regional Offices at LaGuardia, NY. He has advised our personnel that they do not give a coordination numbers, but advised upon review of our data that the listed frequencies are useable for this program. He has removed from the original list frequencies that were no acceptable for this program. If you have any questions regarding the technical aspects of this application, please call Brian Budwey on (315) 456-2051 or Jeff Luban on (315) 456-3394.

If you have questions relating to the completion of this application, please feel free to call the undersigned on (410) 682-2156.

Very Truly Yours,
