0146-EX-PL-2001, 0147-EX-PL-2001 (and merged file number 0148-EX-PL-2001)
0473-EX-ST-2001 & 0474-EX-ST-2001

The following documents are being filed to amend our Experimental Radio Station Applications and Special Temporary Authorization requests, referenced above. These modifications/amendments are being made to comply with the recommendations and address the concerns expressed by the FAA, after their review of these applications.

The first attachment addresses the clearance of the frequencies and sites of operations for the frequencies between 1230 and 1400 MHz. The second attachment addresses their concerns regarding our usage of the FAA controlled frequency of 1030 MHz. Please place these attachments with the proposed applications and become a part of the original filings.

If you should have any further technical questions regarding these applications, please feel free to call Brian Budwey, (315) 456-2051. If you have questions regarding the applications, please feel free to call the undersigned.

Very Truly Yours,
