Attn: Experimental License Branch
Re: Special Temporary Authorizations
Call Signs: KA2XBH & WC2XWZ

This letter actually is for the STA requests 0156-EX-ST-2004 and 0157-EX-ST-2004 as both systems will be operating jointly in the demonstrations for the US Navy and US Coast Guard. The licensed systems, under call signs KA2XBH and WC2XWZ, are used as one system for the demonstration purposes for rapid deployment and port protection. Which explains the duplication in the exhibits between the two systems.

If you have any technical questions regarding the operations, please contact Mark F. Moriarty at (315) 456-1094.

Very Truly Yours,

Claude E. Wells
