Re: Renewal Application File Number 0164-EX-RR-2004
Call Sign: WC2XOE

The accompanying attachemnet for this request is a pdf file showing the older authorization for this site. It also contains exhibits containing the information relative to the style of range and testing being conducted at the site and the direction all equipment is aiming. None of the information contained in this attachment has changed. This information is being provided to display the frequencies, power and direction of all tests being conducted at this ground plane radar range, as previously approved.

Very Truly Yours,

Claude E. Wells
