Re: New Application

You will find attached a completed FCC Form 442, Application for Experimental Station, other than Broadcast. This request is for operations at our various test flight operations locations. These facilities are located in Marietta, GA, Greenville, SC, Fort Worth, TX and Plamdale, CA. The frequencies being requested arer to meet Europeon GATM specifications on board aircraft being built inder contract to several countries, under DoD approved contracts. The systems are being installed and tested prior to delivery to meet contract obligations and requirements.

If you have any trechnical questions regarding these systems, please feel free to contact **Robert F. Thompson** on **(770) 494-2893**. If you have any other questions, please contact the undersigned.

Very Truly Yours,
