Re: Returned Renewal Application - KB2XOT

You will please find enclosed the completed FCC Form 405, Application for Renewal of Radio Station License in Specified Services, for the renewal of Experimental Radio Station Authorization **KB2XOT**, FCC file number **4737-EX-RR-1997**. This is the application we discussed on Friday, the 30th of July 1999.

It was accidentally returned with the renewal application for KB2XDS, which had a pending renewal on file from 1997. When the application were filed there were two renewals filed at the same time, one for KB2XDS and KB2XOT, for Moorestown, Burlington County, NJ. During the return process the application for KB2XOT was inadvertently overlooked and was returned with the renewal application for KB2XDS. This station, KB2XOT, is due to expire 1st of August 1999. Please return this application to the application process for proper renewal action.

If you should have any problems or questions, please feel free to call the undersigned on **(410) 682-2156**.

Very Truly Yours,

Claude E. Wells
