Date: April 22, 2011

Subject: FCC File No. 0267-EX-ST-2011

Message:

Mr. Ghaffari,

On behalf of the P-Star engineering team here at Lockheed Martin, I suggest a application start date change from April 26, to May 9th 2011, for the STA file number 0267-EX-ST-2011.

I hope to work with our teams experiment planning to allow more application time in future filings, especially when FAA coordination is required.

Thanks,
John Witt
