

Exhibit A

Intermittent test signals for a new license is requested to evaluate previously licensed radars under foreign government contracts:

Romanian Ministry of Defense: (MoD contract #02/740/2007)
Morocco: (Contract number AHM/FRA/2007)

Prior FAA coordination was obtained from the parameters listed in Exhibit B:

Location (1) FREQ M2800, SER# NG T090405; Syracuse, NY

Location (2) FREQ M2800, SER# NG T090408; Syracuse, NY

The two test signal locations are arranged temporarily from existing test facilities. The typical equipment shown is not for sale and operates only when needed in half hour intervals:
