Ben,

Just to follow up on this email. Given current scheduling constraints the program has decided to delay the testing that was to be conducted under the 0315-EX-ST-2011 filing. So we are requesting to withdraw that application at this time and will likely file for that testing early next year with the appropriate AFTRCC coordination.

Thanks,
Giselle

Hi Ben,

I just wanted to let you know that we are working with AFTRCC to get the needed coordination for the 0130-EX-PL-2011 and 0315-EX-ST-2011 filings. On a going forward basis we will make every effort to have those completed prior to filing with the FCC. We hope to have the AFTRCC information to you by the end of this week.

Thanks for your patience.

Giselle
