Message:

1. Please submit the application fee.

Response: The application fee will be submitted within 24 hours.

2. Is there a need for East Syracuse [43-05-20N, 76-05-53W] location? If yes, please submit the NGT number for freq band 1215-1400 MHz.

There is not a need for the East Syracuse location. A modification will be made to remove this from the new license application.
