

Antenna Description

Antenna Manufacturer: ICx Technologies

Antenna Model: STS-12000

Antenna Type: Rotating at 7.5RPM

Azimuth orientation: 0 deg through 360 deg

Azimuth Beam Width: 0.8 deg

Elevation orientation: +/-15 deg from horizon.

Elevation Beam Width: 4 deg

Test Range Elevation: 408ft (134m) above sea level

Antenna Height: 67ft (22m) from ground level to tip of antenna

ICX Technologies Model STS-12000
