1. Do you authorize me to delete the Fort Worth, TX, antenna (Antenna 1 of 2) [Yes/No]? Yes, if it does not affect the existing STA for operations at Ft. Worth.

2. Do you authorize me to amend the Start Date to 09/12/2005 (September 12, 2005) [Yes/No]? That would be fine. So yes you can change the date.

Will this create a second STA for this program, one for Ft. Worth and oen for Goodyear, AZ? This would be fine. As previously mentioned the Ft. Worth Demos are still being done, they just wanted permission to operate at Goodyear, AZ over the basic time period previously approved for Ft. Worth as they may operate at both locations at various times. They will transport equipment to from the two sites as the schedule calls for different demos and tests.
