Message:

You have stated" The experimentation is focused on field testing of a broad range of signal emissions including those for DF/COMINT systems, tactical radios, networked radio communication systems, radio navigation systems, WiMAX, and radar, with and without jamming.". Please elaborate on "with and without jamming". Are you going to create an environment to conduct jamming technologies?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 16, 2014 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
