DISMISSED-WITHOUT PREJUDICE

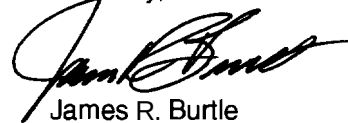

Dear Claude E. Wells,

This refers to application, File No. 0635-EX-PL-2007, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. This application was dismissed due to a failure to amend the application as requested in the Commission correspondence dated December 11, 2007. Since prior coordination with frequency management offices routinely require more than 30 days to complete, it is suggested that such coordinations are completed before submitting similar requests in the future. You are invited to request these facilities in the future should the Military Assignment Group concur to your proposal.

Responses to this correspondence must contain the Reference number : 5997

Sincerely,

A handwritten signature in black ink, appearing to read "James R. Burtle", written in a cursive style.
