Re: Call Sign: KA2XAI File No.: 4734-EX-AL-95
 KA2XNR 4776-EX-AL-95
 KM2XAE 4749-EX-AL-95

Two of these authorizations are required to have FAA coordination and our site personnel made initial contact with the FAA offices in NY on 05/14/96 for the required coordination for the call signs, **KA2XNR** and **KM2XAE**. They have not received any response from the regional office at this time. They are continuing to attempt contact with the FAA offices for the necessary coordination and as soon as a coordination number is received for the FAA it will be forwarded to you under separate cover.
