Subject: Experimental STA for relocation of PSTAR program.

Comments: Frank you will find attached the copy of the STA submitted this date, 02/20/96, for use of equipment formerly associated with a program in operation at LM Sanders in New Hampshire.

This request is for STA authority to be effective for the beginning of the program on 1 March 1996. I have filed a regular Experimental Authorization request at this time as well, because this program will last for several years. If you have any questions regarding the program, please feel free to call Brian Budway at the noted telephone number.
