Re: New Experimental Authorization Request -
Addition to existing request

You will please find enclosed one completed copy of FCC Form 442, Application for New Radio Station Authorization under Part 5 - Experimental Radio Service, with the required FCC Form 159 and FCC license processing fee, \$45.00, attached. This request is for a new mobile station operating in the UHF frequency band 410 to 430 Mhz at various locations in the Continental US, see attached listings.

This is to be considered as an addition or a sister license to a previous filing made for the same program. The information was submitted separately to this office and advised that it is for the same program. If you should have any technical questions regarding this application and the proposed operation of the systems being utilized, please contact **Charles Partin** at (407) 356-3893. If you should have any problems or questions regarding the completion of this form, please feel free to call the undersigned on (410) 682-2156.

Very Truly Yours,

Claude E. Wells
