Dear Mr. Hickey:

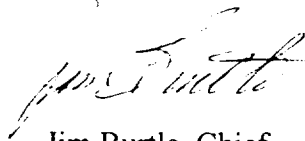

Your above-referenced application for an experimental radio station license has been on file since 12/26/97. However, the Commission staff has been unable to grant the request due to either the inability to obtain clearance to operate on the desired frequencies or insufficient data in the application. At this time, we are unable to proceed any further. Accordingly, we are dismissing the application without prejudice. See Sections 0.241(c) and 5.65 of the Commission's Rules.

If you would like to refile an application or would like to discuss this action, you may either call me directly on 202-418-2445, send an e-mail to me at jburtle@fcc.gov, or write to me at:

Jim Burtle, Chief
