

FCC LICENSE WG2XFA
U.S. GOVERNMENT CONTRACT

License WG2XFA was initially issued as “XD” as the technology development was not yet under U.S. Government contract. The ongoing development and testing phase is now supported by a contract. Accordingly, we respectfully request that FCC change the license designation to “XC”.

The U.S. Government contract details follow:

Contract #: FA8540-18-D-0001

USG POC:

Paul Miller

Warner Robins Air Force Base – Precision Attack

478-327-8278
