Subject: FCC File No. 0387-EX-PL-2008

---

Message:

In regards to Correspondence Reference Number 7459, the Ku SATCOM License approved under FCC File No. 0137-EX-PL-2008 is for a Vertex M20 Ku OTM Antenna, the application recently filed under FCC File No 0387-EX-PL-2008 is for two L3 FSS-4180-LP Ku OTM Terminals. Although the licenses appear very similar the two antennas have different RF characteristics such as the power level differences mentioned in the original correspondence.
